MANAGEMENT OF RENAL FAILURE

Scientific Editor . . . . . M. D. MILNE

*

COGNITIVE PSYCHOLOGY

Scientific Editor . . . . . A. SUMMERFIELD

MEDICAL DEPARTMENT · THE BRITISH COUNCIL · 97 & 99 PARK STREET · LONDON · W1Y 4HQ

CONTENTS OF VOLUME TWENTY-SEVEN

NUMBER 1. *Epidemiology of Non-Communicable Disease*

Scientific Editor: E. D. ACHESON

		PAGE
Introduction	*E. D. Acheson*	1
Validation of screening procedures	*A. L. Cochrane & W. W. Holland*	3
Respiratory disease in childhood	*J. R. T. Colley*	9
Cancer in Africa	*Paula J. Cook & D. P. Burkitt*	14
Cardiovascular disease and the mineral content of drinking water	*M. D. Crawford, M. J. Gardner & J. N. Morris*	21
Unwanted effects of drugs	*Richard Doll*	25
Epidemiology of some common conditions	*P. C. Elwood & J. M. Weddell*	32
Hypertension	*J. Grimley Evans & Geoffrey Rose*	37
Epidemics of rare diseases	*E. G. Knox*	43
Early environmental influences on the development of intelligence	*Thomas McKeown & R. G. Record*	48
Pneumoconiosis and coal dust exposure	*Stewart Rae*	53
International studies in chronic respiratory disease	*D. D. Reid & C. M. Fletcher*	59
The epidemiological importance of childhood cancers	*Alice Stewart & Renate Barber*	64
Epidemiology of asbestos cancers	*J. C. Wagner, J. C. Gilson, G. Berry & V. Timbrell*	71
International comparisons in the study of the functional psychoses	*J. K. Wing*	77
Rheumatic complaints	*Philip H. N. Wood*	82

Notes on Contributors 89

Book Reviews 92

NUMBER 2. *Management of Renal Failure*

Scientific Editor: M. D. MILNE

		PAGE
Introduction	*D. A. K. Black*	95
Management of the acute uraemic emergency	*Oliver Wrong*	97
Surgical aspects of acute renal failure	*Ralph Shackman & A. E. Kulatilake*	103
Surgical aspects of chronic renal failure	*Philip Clark*	109
Renal failure in the first year of life	*T. M. Barratt*	115
Renal failure in the tropics	*M. S. R. Hutt & A. J. Wing*	122
Hypertension and chronic renal failure	*J. J. Brown, G. Düsterdieck, R. Fraser, A. F. Lever, J. I. S. Robertson, M. Tree & R. J. Weir*	128
Anaemia in renal failure	*D. G. Penington & Priscilla Kincaid-Smith*	136
Antibiotics in renal failure	*Francis O'Grady*	142
Radiology in the diagnosis of renal failure	*I. Kelsey Fry & W. R. Cattell*	148
Complications of renal failure and their response to dialysis	*J. Siddiqui & D. N. S. Kerr*	153
Dietary treatment of chronic renal failure	*J. D. Blainey & M. J. Chamberlain*	160
Peritoneal dialysis	*J. Henry Jones*	165
Maintenance haemodialysis in hospital	*J. R. Curtis*	170
Intermittent haemodialysis in the home	*B. H. B. Robinson*	173
The present status of renal transplantation	*John Swinney*	181

Notes on Contributors 186

Book Reviews 189

NUMBER 3. *Cognitive Psychology*

Scientific Editor: A. SUMMERFIELD

		PAGE
Introduction	*D. E. Broadbent*	191
Psycholinguistics	*John Morton*	195
Cognitive development	*P. E. Bryant*	200
Problem solving and reasoning	*P. C. Wason*	206
Dysphasia: a review of recent progress	*Maria Wyke*	211
Artificial intelligence	*Christopher Longuet-Higgins*	218
Analysis of cognitive ability	*P. E. Vernon*	222
Cognitive deficits in children	*N. O'Connor & B. Hermelin*	227
Primary memory	*F. I. M. Craik*	232
The relation between long-term and short-term memory	*A. D. Baddeley & Karalyn Patterson*	237
Neurological disorders of memory	*Elizabeth K. Warrington*	243
Perceptual learning and adaptation	*Ian P. Howard*	248
Search and selective attention	*C. I. Howarth & J. R. Bloomfield*	253
Times for the analysis of stimuli and for the selection of responses	*P. M. A. Rabbitt*	259
Acquisition of skill	*John Annett*	266
Interhemispheric differences in the localization of psychological processes in man	*Brenda Milner*	272
Neurological basis of complex learning	*I. Steele Russell*	278

Notes on Contributors 286

Book Reviews 288

INDEX TO VOLUME TWENTY-SEVEN

Names printed in capitals are those of authors who have contributed papers. Titles of books are printed in italics.

A

ACHESON, E. D.: Epidemiology of non-communicable disease. Introduction to symposium, 1
Acidosis, renal, treatment, 101
—— —— tubular, dietary treatment, 161
Air pollution and respiratory disease in childhood, 11
Air pollution and health, 94
Aldosterone, relation to blood-pressure regulating system, 132
Amnesia, anterograde, 244
—— retrograde, 245
Amnesic syndrome, 243
Amyloidosis, renal, 100
Anaemia in kidney failure, 136
—— iron deficiency, diagnostic screening, 5
Anaesthesia in uraemia, 107
Angiotensin–renin system, relation to blood-pressure regulation, 132
ANNETT, J.: Acquisition of skill, 266
Antibiotics in renal failure, 142
—— renal excretion, 144, 145
Anuria from birth, 115
Aphasia: *Aphasiology and other aspects of language*, 289
Armitage, P.: *Statistical methods in medical research*, 92
Arteriovenous shunt for maintenance haemodialysis, 170, 175
Arthritis, epidemiology, 83
—— rheumatoid, distribution, 86
Asbestos cancers, epidemiology, 71
—— —— prevention, 75
Associative learning, 281
Asthma deaths due to pressurized aerosols, 27
Attention, defects in children, 229
—— selective, 253
Autistic children, linguistic impairment, 228
Avoidance learning, 280

B

BADDELEY, A. D. & PATTERSON, K.: Relation between long-term and short-term memory, 237
BARBER, R., *see* STEWART, A., 64
BARRATT, T. M.: Renal failure in the first year of life, 115
BERRY, G., *see* WAGNER, J. C., 71
Biographical notes on contributors, 89, 186, 286
BLACK, D. A. K.: Management of renal failure. Introduction to symposium, 95
Bladder, cancer, distribution pattern in Africa, 19
—— disorders, and chronic renal failure, 113
BLAINEY, J. D. & CHAMBERLAIN, M. J.: Dietary treatment of chronic renal failure, 160
Blood changes in renal failure, 104
—— pressure, effect of salt intake, 39
—— —— indirect, measurement, 8
—— —— measurement, problems, 37
Blood-sugar level, screening tests, 5
BLOOMFIELD, J. R., *see* HOWARTH, C. I., 253
Bone disease, renal, response to dialysis, 153
Brain, commissurotomy, for determination of hemispheric specialization, 273
—— hemispheric specialization, 272
—— localization of function, interhemispheric differences, 272
—— tumours, in children, 68
Breast, carcinoma, diagnostic screening, 4
BROADBENT, D. E.: Cognitive psychology. Introduction to symposium, 191
—— *Decision and stress*, 289
Bronchitis, chronic, and pneumoconiosis, 56
—— diagnostic screening, 4
BROWN, J. J., DÜSTERDIECK, G., FRASER, R., LEVER, A. F., ROBERTSON, J. I. S., TREE, M. & WEIR, R. J.: Hypertension and chronic renal failure, 128
BRYANT, P. E.: Cognitive development, 200
BURKITT, D. P., *see* COOK, P. J., 14
—— Wright, D. H. *et al.*: *Burkitt's lymphoma*, 92
Burkitt's lymphoma, distribution pattern, 19
Burkitt's lymphoma, 92

C

Cameron, J. S., Fries, D. & Ogg, C. S. (editors): *Proceedings of the European Dialysis and Transplant Association. Vol. 7: Dialysis and renal transplantation*, 189
Cancer, cerebral, in children, 68
—— childhood, and antenatal irradiation, 66
—— —— and congenital defects, 69
—— —— epidemiology, 64
—— —— latent periods in development, 67
—— —— sibship concordance, 69
—— distribution pattern in Africa, 15
—— due to asbestos, epidemiology, 71
—— in Africa, epidemiology, 14
Carcinogenic drugs, 29
Cardiovascular mortality, relation to mineral content of water, 21
CATTELL, W. R., *see* FRY, I. K., 148
Cerebral cortex, role in learning and memory, 278
CHAMBERLAIN, M. J., *see* BLAINEY, J. D., 160
Children, cancer, epidemiological importance, 64
—— cognitive deficits, 227
—— respiratory disease, epidemiology, 9
CLARK, P.: Surgical aspects of chronic renal failure, 109

INDEX TO VOLUME TWENTY-SEVEN

Coal dust exposure, relationship to pneumoconiosis, 57
COCHRANE, A. L. & HOLLAND, W. W.: Validation of screening procedures, 3
Cognition, deficits in children, 227
—— development, 200
—— *Intelligence, creativity and cognitive style*, 288
Cognitive ability, analysis, 222
—— —— fluency and divergent thinking factors, 223
—— —— reasoning and verbal factors, 223
—— —— spatial and practical factors, 224
—— engineering, 218
—— psychology; introduction to symposium, 191
Cohen, J.: *Homo psychologicus*, 289
COLLEY, J. R. T.: Respiratory disease in childhood, 9
Commissurotomy, cerebral, for determination of hemispheric specialization, 273
Computers and artificial intelligence, 218
Congenital defects and cancer, 69
Conservation experiments, 202
Contraceptives, steroid, and thromboembolism, 27
Contributors, biographical notes on, 89, 186, 286
COOK, P. J. & BURKITT, D. P.: Cancer in Africa, 14
Corcoran, D. W. J.: *Pattern recognition*, 288
Council for International Organizations of Medical Sciences: *Medical research: priorities and responsibilities*, 190
CRAIK, F. I. M.: Primary memory, 232
CRAWFORD, M. D., GARDNER, M. J. & MORRIS, J. N.: Cardiovascular disease and the mineral content of drinking water, 21
Creativity: *Intelligence, creativity and cognitive style*, 288
Critchley, M.: *Aphasiology and other aspects of language*, 289
CURTIS, J. R.: Maintenance haemodialysis in hospital, 170

D

Decision and stress, 289
Diagnosis, screening procedures, 3
Dialysate for intermittent haemodialysis, 174
Dialysis, effect on complications of renal failure, 153
—— —— on elimination rate of drugs, 147
—— —— on pyelogram, 150
—— in infants, 116
—— intermittent, in the home, 173
—— monitors, 174
—— peritoneal, 105, 165
—— —— in tropics, 125
—— *Proceedings of the European Dialysis and Transplant Association. Vol. 7: Dialysis and renal transplantation*, 189
—— role in management of uraemia, 101
Dimensional learning, 204
DOLL, R.: Unwanted effects of drugs, 25
Drugs, adverse reactions, registration, 25
—— carcinogenic, 29
—— renal excretion, 144
—— steady-state concentrations, 143
DÜSTERDIECK, G., *see* BROWN, J. J., 128
Dust concentration, measurement, 53, 54
—— sampling instruments, 54
—— standards for coal mines, 57
Dysphasia, 211
—— *Aphasiology and other aspects of language*, 289
—— grammatical studies, 215
—— linguistic studies, 213
—— neural mechanisms, 211
—— phonetic studies, 213
—— semantic studies, 214

E

Echoic memory, 237, 238
Electrolyte solution for intermittent haemodialysate, 174
ELWOOD, P. C. & WEDDELL, J. M.: Epidemiology of some common conditions, 32
Epidemiology: *Data handling in epidemiology*, 92
—— *National atlas of disease mortality in the United Kingdom*, 94
—— *Psychiatric epidemiology*, 93
—— *Statistical methods in medical research*, 92
Erythrocytes, life-span in renal anaemia, 138
Erythropoietin and renal failure, 137
EVANS, J. G. & ROSE, G.: Hypertension, 37

F

FLETCHER, C. M., *see* REID, D. D., 59
Forgetting, 234, 239
FRASER, R., *see* BROWN, J. J., 128
Fries, D., *see* Cameron, J. S., 189
Frusemide in acute renal failure, 104

G

GARDNER, M. J., *see* CRAWFORD, M. D., 21
Geography, medical: *National atlas of disease mortality in the United Kingdom*, 94
GILSON, J. C., *see* WAGNER, J. C., 71
Glasgow Postgraduate Medical Board: *The health check in practice*, 93
Glomerulonephritis, 100
—— in infancy, 118
—— microangiopathy in, 139
Glucose intolerance in renal failure, 162
Gout, distribution, 87
—— epidemiology, 83
Graves, F. T.: *The arterial anatomy of the kidney: the basis of surgical technique*, 189

H

Haemodialysis, 105, 106
—— effect on complications of renal failure, 153
—— maintenance, in hospital, 170
Haemolysis in renal anaemia, mechanisms, 138
Haemolytic-uraemic syndrome, microangiopathy in, 139
Haemopoiesis, effects of renal transplantation, 137
—— in renal failure, 136
Hare, E. H. & Wing, J. K. (editors): *Psychiatric epidemiology*, 94
Headache, paroxysmal, due to monoamine oxidase inhibitors, 28
Hearing, 219
—— artificial, 219
—— hemispheric specialization, 272, 273
Heparin in acute renal failure, 105
HERMELIN, B., *see* O'CONNOR, N., 227
HOLLAND, W. W., *see* COCHRANE, A. L., 3
—— (editor): *Data handling in epidemiology*, 92
HOWARD, I. P.: Perceptual learning and adaptation, 248
HOWARTH, C. I. & BLOOMFIELD, J. R.: Search and selective attention, 253
Howe, G. M.: *National atlas of disease mortality in the United Kingdom*, revised and enlarged edition, 94
HUTT, M. S. R. & WING, A. J.: Renal failure in the tropics, 122
Hydronephrosis and chronic renal failure, 112
Hypercalcaemia, nephropathy due to, 100
Hyperkalaemia, treatment, 100
Hyperparathyroidism, response to dialysis, 155
Hypertension, accelerated, 100
—— aetiology, 38
—— after bilateral nephrectomy, 132
—— age-trends, 38
—— control after bilateral nephrectomy, 130
—— definition, 37
—— diagnostic screening, 5
—— epidemiology, 37
—— malignant, microangiopathy in, 139
—— pathogenesis, 131
—— racial incidence, 39
—— response to dialysis and nephrectomy, 128
—— with chronic renal failure, 128

I

Iconic memory, 237, 238
Ileal obstruction due to enteric-coated potassium chloride, 26
Information processing, human, 267, 278
—— transfer to protein, 284
—— visual, processing, 253
Intelligence, artificial, 218
—— —— and aesthetics, 220
—— —— and education, 221
—— development, effect of birth-weight, 49
—— —— —— duration of gestation, 49
—— —— —— early environmental influences, 48
—— —— obstetric influences, 48
—— —— postnatal influences, 51
—— —— relation to birth order and maternal age, 50
—— —— twins, 51
—— investigation, problems, 48
Intelligent machines, 218
Intervertebral disk lesions, distribution, 87
—— —— —— epidemiology, 83
Intra-ocular pressure, diagnostic screening, 5
Iron deficiency, epidemiology, 32
Isoprenaline in asthma, deaths due to, 27

J

Jaundice and acute renal failure, 107
JONES, J. H.: Peritoneal dialysis, 165

K

Kaposi's sarcoma, distribution pattern in Africa, 19
KERR, D. N. S., *see* SIDDIQUI, J., 153
Kidney, acidosis, tubular, dietary treatment, 161
—— analgesic nephropathy, 100
—— *Arterial anatomy of the kidney: the basis of surgical technique*, 189
—— biopsy, in renal failure, 99
—— calculus, and chronic renal failure, 112
—— cortical necrosis, microangiopathy in, 139
—— disseminated intravascular coagulation in infants, 117
—— drug excretion, 145
—— failure, acute, diagnosis, 97
—— —— —— in kidney transplantation, 106
—— —— —— in surgical patients, management, 105
—— —— —— obstructive, 106
—— —— —— surgical aspects, 103
—— —— anaemia in, 136
—— —— antibiotics in, dosage modification, 142
—— —— bone disease in, effect of dialysis, 153
—— —— calorie requirements, 162
—— —— chronic, and tropical diet, 126
—— —— —— diagnosis, 109
—— —— —— dietary treatment, 160
—— —— —— in tropics, 126
—— —— —— irreversible, in tropics, 123

INDEX TO VOLUME TWENTY-SEVEN

Kidney failure, chronic—*cont.*
—— —— —— surgical aspects, 109
—— —— —— treatment, diet, 160
—— —— —— —— surgical, 110
—— —— —— with hypertension, 128
—— —— complications and their response to dialysis, 153
—— —— diagnosis, radiological, 148
—— —— drug excretion rate in, 144
—— —— glucose intolerance in, 162
—— —— haemopoiesis in, 136
—— —— in first year of life, 115
—— —— in malignant disease, 100
—— —— in tropics, 122
—— —— —— management, 124
—— —— management; introduction to symposium, 95
—— —— microangiopathy, 138
—— —— protein-restricted diet, 161
—— —— radiological diagnosis, 148
—— —— treatment, haemodialysis in hospital, 170
—— —— —— intermittent dialysis in the home, 173
—— —— —— peritoneal dialysis, 165
—— —— —— —— in tropics, 124
—— insufficiency, chronic, in infancy, 118
—— ischaemia, controlled, in renal surgery, 107
—— necrosis, acute tubular, in infancy, 117
—— removal, hypertension after, 132
—— size in relation to failure, 98
—— surgery: *Arterial anatomy of the kidney: the basis of surgical technique*, 189
—— transplant, preservation of viability, 182
—— transplantation, acute renal failure after, 106
—— —— and haemopoiesis, 137
—— —— complications, 184
—— —— donor source, 181
—— —— immunological complications, 184
—— —— in infancy, 119
—— —— operative technique, 183
—— —— pre-operative tissue matching, 182
—— —— present status, 181
—— —— *Proceedings of the European Dialysis and Transplant Association. Vol. 7: Dialysis and renal transplantation*, 189
—— tubular necrosis, acute, 99, 122
—— —— —— microangiopathy in, 139
KINCAID-SMITH, P., *see* PENINGTON, D. G., 136
KNOX, E. G.: Epidemics of rare diseases, 43

McKEOWN, T. & RECORD, R. G.: Early environmental influences on the development of intelligence, 48
Mannitol in acute renal failure, 104
Medicine: *Preventive medicine in medical care*, 93
—— research: *Medical research: priorities and responsibilities*, 190
Memory, block-tapping task, 274
—— capacity, calculation, 233
—— —— variables affecting, 233
—— coding, 240
—— —— flexibility, 235
—— defects in children, 229
—— digit-sequence task, 243, 274
—— disorders, neurological, 243
—— long-term, 229, 232
—— —— deficits, 243
—— —— organization in, 240
—— —— relation to short-term memory, 237
—— neurological basis, 278
—— primary, 232, 238
—— recoding, 240
—— rehearsal and learning, 234, 239
—— retrieval, 240
—— secondary, 232, 238
—— sensory, 237
—— short-term, 229, 232
—— —— deficits, 246
—— —— relation to long-term memory, 237
—— storage, 237
—— —— effect of cellular change, 283
—— —— flexibility, 235
—— traces, interhemispheric transfer, 281
Microangiopathy in renal failure, 138
—— thrombotic, treatment, 140
Migraine, epidemiology, 34
MILNER, B.: Interhemispheric differences in the localization of psychological processes in man, 272
Mnemonics, 241
Monoamine oxidase inhibitors, unwanted effects, 28
MORRIS, J. N., *see* CRAWFORD, M. D., 21
MORTON, J.: Psycholinguistics, 195
—— (editor): *Biological and social factors in psycholinguistics*, 288
Muscle weakness in renal bone disease, response to dialysis, 156

N

Nephrectomy and hypertension, 132
Nephritis, interstitial, acute, 99
Nephropathy, analgesic, 100
Nephrosis, lipoid, 100
Nephrotic syndrome, dietary treatment, 160
Neuropathy, peripheral, in renal failure, response to dialysis, 157
